TRUSTED QUALITY FROM A TEAM YOU CAN TRUST

Jerry Stadtmiller, awarded the Charles Taylor Award in 2005 for over 50 years of outstanding work as an aircraft restorer and A&P/IA, runs BIPE, INC., one of the few vintage aircraft restoration and repair facilities in the U.S. to have done work for the Smithsonian Air and space Museum.

Jerry and his wife Lisa also teach aircraft building and LSA workshops for the Experimental Aircraft Association (EAA) and offer courses on aircraft maintenance and repair.

- **Want to turn the airplane you are flying now into a showpiece?**
- **Are you looking for your dream antique airplane? Let us build it**
- **Do you need an experienced estimator?**
- **Do you need a Pre-Purchase Inspection?**
- **Do you need an aircraft historian for a story?**
- **Need help finishing your restoration? Call us today!**

Bipe, Inc. has completed several projects for the Smithsonian Air and Space Museum.

Grumman Goose

Create an heirloom for yourself now and

Jerry has written building and flying articles for:

- ◆ General Aviation News
- ◆ Sport Aviation
- ◆ Florida Antique Biplane News
- ◆ Stearman Flying Wire

Lisa Turner, also of BIPE., Inc. is an A&P and collaborates with Jerry on projects, teaching, and articles. Lisa has built 2 experimental aircraft. Lisa is a Technical Counselor, Instructor, and Flight Advisor for the EAA and a DAR (Designated Airworthiness Representative) for the FAA.
